GRAND JURY OUT TO INVESTIGATE MOB ACTIVITIES

Believed Identity of Leader of
Mob Which Hanged
Negro Found.

BREAK INTO JAIL

Appeal of Father of Girl
Fails to Stay Purpose
of Avengers.

(By the Associated Press)
COLUMBIA, Mo., April 30.—A special grand jury to investigate the hanging of James Scott, negro, by a mob here Sunday night will probably begin its work early this week. The circuit court will not be in session until Wednesday but officials discussed the desirability of calling a special session of court today to summon a grand jury.

The coronor's jury summoned yesterday afternoon, returned the verdict that Scott met his death by hanging by persons unknown to the jury.

The negro was accused of attempting to attack a 14-year-old girl, the daughter of H. F. Almstead, head of the German department of the University of Missouri which is located here.

Reports that University of Missouri students took an active part in the lynching were denied by eye witnesses of the disorder and by Dr. Isadore Loeb, acting president of the university. The president said that he had received no reports of students being in the mob and explained that few university students were in town, due to the fact that the winter term had just ended and many were away for the week end.

"We know who the leaders of the mob were," the prosecuting attorney said today. "At least one of them was not a citizen of Columbia." He said he had evidence enough to identify the man who purchased the ropes and the man who threw the negro from the bridge.

Break Into Jail.

The mob entered the jail by breaking down the doors with sledge hammers, reaching the apartment in which the negro was confined they encountered an iron door set solidly in an 18-inch brick wall and with heavy frames. The sledge hammers, in reaching the airtight door were brought in to play. Up to this time Sheriff Brown had had no fear that they would reach the negro. It took almost an hour to burn through the door. When this was finally accomplished nothing but the cell door remained between them and the prisoner. When the sheriff saw his own pleading would have no influence on the mob, he sent for Dr. Almstead, hoping that the voice of the girl might cause the mob to give up its purpose. The home of the doctor is just a few blocks from the jail, but by the time he arrived the negro had been removed and the crowd started for the bridge.

Father Asks Mob Halt.

Overtaking the mob Dr. Almstead appealed to its members to let the law take its course but was hooted down. Finding that his pleading had no effect he went back to his home.

Throughout the affair the mob was orderly. In reaching the bridge it was found that the rope was not long enough and some one was sent for another. During this time the negro was declaring he was innocent of the crime.

"Mr.," he said to a white man nearby, "before God I am an innocent man. I could not die with a lie in my mouth. I never done it."

Just then a man elbowed his way through the crowd with a large rope. It was quickly thrown around the negro's neck and he was thrown off the bridge.

NEW YORK, April 30.—Trial for first degree murder of every person who participated in the lynching of James Scott, alleged assailant of a 14-year-old girl, was demanded by the National Association for the Advancement of Colored People in a telegram sent to Gov. Hyde of Missouri.

Poland Plans National Park

(By the Associated Press)
WARSAW, April 30.—The Society of Friends of the Tatras Mountains is working out a plan for transforming the Tatras Mountains into a national park on the lines of Yellowstone Park.

Protests Russia Being Kept From East Conference

(By the Associated Press)

LAUSANNE, April 30.—An official protest against Russia "being kept out of the conference" was sent to the Near East conference today by M. Vorovsky, soviet representative here. He declared that such a decision was in direct violation of the terms of the invitation sent to Russia by Great Britain, France and Italy, preceding the first Lausanne conference November 14, 1922.

Mr. Vorovsky in his protest says Russia has been notified by the conference that she must sign the convention fixing the status of the Turkish straits before being admitted to the conference. He insists that Russia must enter the conference on "full terms of equality."

EMERSON HOUGH REAPER VICTIM

Famous Writer of Outdoors
Succumbs to Sudden
Attack.

(By the Associated Press)

CHICAGO, April 30.—Emerson Hough, author, died in a hospital at Evanston today. He was 66 years old and was taken to the hospital last Thursday suffering from an intestinal obstruction. An operation was performed Saturday. Heart and respiratory complications caused his death.

Mr. Hough was a devotee and disciple of outdoor life and was the author of several books with the west as a setting. Among the most recent, "The Covered Wagon," has just been produced in motion pictures.

In the winter of 1895, donning skis he made a journey through the national Yellowstone park and his activities following this trip caused congress to pass a law for the protection of buffalo herds in the park. Hough explored many of the wildest and most remote corners of the country.

The author was born at Newton, Iowa, June 28, 1852. He was graduated from the University of Iowa in 1880.

Mr. Hough's story of "The Singing Mouse" and his stories of cowboy life attracted wide attention. It was in 1879 that he married Miss Charlotte A. Cheesbrough of Chicago, who survives him.

Among his best known western stories were "54-40 or Fight," "The Mississippi Bubble," "The Law of the Land," "The Way of a Man," "Heart's Desire" and others. He also wrote many short stories and magazine articles. He was president of Midland Authors in 1917-18.

PREPARES TO RESUME CULT INVESTIGATION

(By the Associated Press)

ST. JOSEPH, Mich., April 30.—Preparations for the resumption of the investigation of the House of David colony went forward today with attention centered on reports that a man resembling "King" Benjamin Purnell, the missing cult leader, is under arrest in Marysville, Ohio, and that two women had violent deaths in the colony.

The grand jury reconvenes tomorrow and today officers were calling new witnesses. Subpoenas for more than 50 were issued.

Andrew B. Daugherty, attorney general of the state of Michigan, commenting on testimony brought before the grand jury last week said: "If any one of those brides had told the whole truth immediate criminal proceedings would be taken against Benjamin Purnell, House of David king."

Counsel for Ruth Asks Indictment of Girl Accuser

(By the Associated Press)

NEW YORK, April 30.—Hyman Bushel, counsel for Babe Ruth laid before Acting District Attorney Pecora a request for the indictment of Miss Dolores Dixon and others involved in the girl's suit for \$50,000 against the home run king, which her attorney withdrew last week.

Bushel declined to say what Mr. Pecora's attitude was towards the request.

Miss Dixon began the action against Ruth several months ago alleging that he was the father of her unborn child. Ruth denied that he ever knew the girl.

In early childhood Napoleon Bonaparte was not popular with his mates; for he had a habit of ordering them about.

Stars in International Scandal

(By Central Press)

NAPLES, April 30.—Grace Holst, world famed Swedish soprano and Caesar Formichi, Italian baritone, are here.

The well-known Scylla and Charybdis of ancient fame, down in the neighborhood of Sicily, are quite some little distance away.

But nevertheless the love affair of the opera stars is on the rocks and just as effectually so as if the Scylla and Charybdis of the ancients had a hand in the thing. According to tales current back in the days when Cicero and Cato were engaged in their little argument over control of the Roman league of nations, Scyl and her friend were supposed to be a couple of coy Theda Baras who vamped mariners into going to their doom while passing Sicily.

Now whether or not they had anything to do with wrecking the love ship of the soprano and baritone is open to argument, but anyway the frail craft of romance was wrecked and its crew doomed to arrest by police here.

According to police, the singer's husband was a Scylla and Charybdis all in one.

He happens to be one of the old-fashioned kind who can't seem to become reconciled to the necessity of triangles in marital affairs even to satisfy the temperament of operatic stars.

His complaint about the alleged love affair of the pair, police here say, led to the dual arrest.

Just what the outcome of the whole thing will be is a matter of conjecture.

It is just possible that the fiery Italian baritone may challenge the

Grace Holst in an operatic role.

irate husband to a joust on the field of honor to which the hardy Norseman may reply with a choice of icebergs as weapons.

But for some little time at least followers of the pair in the world of music are going to await anxiously the outcome of the affair.

AMERICANISM IN SCHOOL PROGRAM

Attorney Kerr Speaks at Two
School Assemblies on
Americanism.

Completing the Legion program of Americanism, Robert S. Kerr, attorney, representing the Norman Howard Post, American Legion delivered short lectures at High school and College assemblies Monday morning on the principals of Americanism as sponsored by the Legion.

Kerr in the course of his addresses, reminded the students at both institutions of the importance of retaining the patriotic spirit after the din of battle has ceased. Legionnaire Kerr emphasized the fact that peace in America was not attained without the patriotic co-operation of all and that this was necessary in the time of peace to keep America safe from the forces of autocracy that would undermine the government by attacking our patriotism.

Americanization programs were carried out in Sunday schools and churches Sunday, when pastors and special speakers stressed the importance of the Americanism move as a religious duty. Service in most instances were well attended and talks well received.

A special series of short talks were delivered at the Business Men's Bible class of the Methodist church at the McSwain theatre during the Sunday school hour. Lowrey H. Harrell delivered the principal address for the occasion.

Kentucky Woman is Instantly Killed in Bomb Explosion

(By the Associated Press)

PADUCAH, Ky., April 30.—Mrs. Rosetta Daugherty Warren, 34, was instantly killed early today in a dynamite explosion which wrecked her home here. Her three children, Christine, 13, Aline 10, and Eugene 15, escaped without injury. A woman is believed to have placed the explosive. Officers attribute insane jealousy as the cause of the tragedy.

The charge was placed under the corner of the front room, directly under the bed in which Mrs. Warren slept. Her husband was at work at the time of the explosion.

ALLIED AMBASSADORS COMPLETE REPLY TO CUNO

(By the Associated Press)

LONDON, April 30.—American, British and Italian ambassadors have completed their reply which will be sent to Chancellor Cuno regarding his latest suggestion on a settlement of the reparations question, says a Central News dispatch from Berlin.

SOUTH BEND, Ind., April 30.—The Studebaker Corporation today declared its regular quarterly dividend of 1 3/4 per cent on preferred stock and 1 1/2 per cent on the common stock of the company, payable June 1 to stockholders of record May 10.

Old Piano Groans As Race Is On

HOUSTON, Tex., April 30.—Four piano players who began a marathon Saturday, at 9:30 this morning had played continuously for 43 hours and 30 minutes. They are Miss J. E. Seiber, Henry King, S. W. Walker and E. J. Kennedy, Jr. Six started in the contest but two stopped Sunday. The four remaining are determined to double the 29 hour record made by Horace Roth of Toledo recently.

WALTON CLAIMS LEGION FOOLED

Maintains Ex-Service Men Are
Victims of Scoundrel
Politicians.

(By the Associated Press)

OKLAHOMA CITY, April 30.—Gov. Walton declared today that the American Legion has "been exploited by scoundrel politicians" with the result that charges have been made by the Legion against George Wilson, reconstruction league leader, who was named Saturday as head of the state board of vocational agriculture.

The governor's statement was made in connection with the declaration of C. V. Lewis, Okmulgee county representative Saturday to the effect that the executive had broken faith with the former service men in naming Wilson to any state position.

"The American Legion has been exploited in certain instances by scoundrel politicians and the charges against George Wilson the man appointed as head of the state board of vocational agriculture was the result," the governor said.

Notice Lions

Important meeting Tuesday at 11:30 at the Harris Luncheon as usual. Some very interesting matters are to come up, vitally important J. L. Shaw says.

BLACKWELL, Okla., April 30.—Charles Hackler was killed and his body burned beyond recognition in a fire which followed an explosion at the Globe refinery here yesterday. Another employee suffered a broken arm. The dead man leaves a family of seven daughters.

WALTON REMOVES REGENT MEMBERS

All But Two of University
Control Board Ousted
by Governor.

(By the Associated Press)

OKLAHOMA CITY, April 30.—Gov. J. C. Walton today removed all but two members of the board of regents of the University of Oklahoma, asserting that new blood is needed in the institution "since Yankee republicans have manipulated the university against me."

The new board members, which he named are as follows: C. J. Wrightman, Tulsa; D. H. Scanlon, Osage; Frank Buttram, Oklahoma City; and Dr. Clifton, Norman. Mrs. J. N. Schworke, Oklahoma City, and George Bowman are the members remaining.

The displaced members are H. L. Muddrow, Norman; H. A. Diamond, Holdenville; Frank Craig, McAlester; H. L. Frizzell, and Earl Miller, Tulsa.

Gov. Walton said he had one more member of the board to appoint. The governor announced that cuts in salaries of those professors who received over \$5,600 would be made immediately.

Greek Bishops Are Active in Aiding Red Cross Workers

(By the Associated Press)

ATHENS, April 30.—Operation of a speakers' bureau may not sound like emergency relief work, but it is having an important part in the campaign of the American Red Cross in Greece to educate the million or more refugees from Asia minor and eastern Thrace. The educational campaign is being developed along the lines of sanitary discipline to prevent and check outbreaks of typhus, typhoid, dysentery, smallpox and other epidemic diseases.

The part the speaker's bureau plays involves the aid of the entire clergy in Athens, both Greek and Roman Catholic, the Rabbinate of Athens, and prelates from churches in Asia Minor, who are now refugees. Acting unanimously in an endeavor to help the Red Cross, the Archbishops of Ephesus, Philadelphia, Krinai, Metron, Tyroloea, and Argyroloea have pledged themselves to go to the refugee centers and preach on sanitation.

SOCIALISTS DEMAND TAFT
RESIGN FROM HIS OFFICE

(By the Associated Press)

CHICAGO, April 30.—The national executive committee of the socialist party announced today that it had adopted a resolution urging the resignation or impeachment of William H. Taft, chief justice of the United States, because of his continued acceptance of an annuity of \$10,000 annually from the late Andrew Carnegie.

France has absented bootleggers engaged in bringing the prohibited liquor from Belgium and Luxembourg, where its sale is still legal.

Daugherty Ruling is Overturned in Supreme Court Ban

(By the Associated Press)

WASHINGTON, April 30.—The ruling by Attorney General Daugherty against the serving of liquor on American ships on the high seas was overturned by the supreme court today, which held at the same time, however, that the ban prohibiting both American and foreign ships from bringing liquor stocks into American ports under bond was legal and enforceable.

The decision is regarded by the government as one of the most important yet handed down in regard to prohibition enforcement. It was read by Justice Vandeventer. Justices McReynolds and Sutherland dissented.

LEGION OUT FOR STATE ACTIVITY

Post Officers Leave for State
Convention of Commanders
at Oklahoma City.

The first note in the campaign of the Norman Howard Post, American Legion to figure in state affairs will be sounded in the annual convention of state commanders and adjutants at Oklahoma City today.

Commander Elbert Reed, Adjutant Clint Miers and Robert S. Kerr, special officer, will take an active part in the convention, they intimated before leaving for Oklahoma City today.

At a recent meeting of members of the Post, plans for a campaign to be conducted by the post were worked out with three definite goals to attain on the road to state recognition. The securing of the state convention for Ada next year, the chartering of the drum corps as a state organization for service at state and national conventions and other occasions, and for the publication of the Ada Legionnaire, post paper, as a state Legion organ.

Commander Reed and other officers left today for the convention armed with the backing of the post in its effort to claim their three objectives. Reed is expected to open the campaign at the commanders meeting tonight.

The local post officers have been complimented by state officers for their activities in establishing the only drum corps in the state and for the publication of the first post paper in the state.

Commander Reed stated that the campaign would be carried to the next state convention at Lawton, when ex-service men of the state gather in their annual frolic and business session.

FAITHFUL FOUR GUARD INTEREST OF CANADA

(By the Associated Press)

OTTAWA, Ont., April 30.—Four lonely Canadians, marooned on Wrangel Island at the top of the map have been waiting since 1921 to have that bleak Arctic region proclaimed Canadian soil. The four are the members of a landing party left by Vilhjormur Stefansson, the explorer, on his visit to the island several years ago. While the former members of his expedition possess their souls in patience and hunt muskox and seal for a living, Stefansson is negotiating with the Canadian Government to reimburse him for the expense of his polar voyage, and accept sovereignty over Wrangel Island in payment.

When members of the Stefansson party raised the Canadian flag on Wrangel Island in 1921, there was some discussion as to the propriety of the action. The flag has remained, with three men and a boy to guard it, but no step has been taken here to assert formal sovereignty over the northern area. Stefansson, who fitted out his own expedition at a cost of \$25,000, when he failed to interest the Canadian Government in his plans, now argues that his addition to the Canadian domain should be worth at least that much money.

The main value of the island at present, according to Stefansson, is strategic. He says that it is directly in the path of an ideal trans-polar air route across the world.

HARDEE REPORTED FAVORING
REMOVAL OF COUNTY JUDGE

(By the Associated Press)

TALLAHASSEE, Fla., April 30.—Gov. Hardee plans to recommend to the senate the removal from office of County Judge B. F. Willis of Leon county, named in the testimony before the joint legislative committee investigating as having agreed with Sheriff J. P. Jones to send vagrants to the convict camp of the Putnam Lumber Co. at Clara, Florida. It was learned today in authoritative quarters.

BODY OF SENATOR REMAIN IN STATE BEFORE FUNERAL

Governor Prues Goes to Chi-
cago to Accompany Nelson
Body to Capitol.

BURIAL AT ST. PAUL

Successor for Aged Senator
Awaits Return of
Governor.

(By the Associated Press)

ST. PAUL, Minn., April 30.—While further arrangements were being made for the funeral of U. S. Senator Knute Nelson of Minnesota, speculation continued in political circles as to who would be his successor. Senator Nelson died suddenly Saturday night on a train near York, Pennsylvania.

The body which will reach St. Paul Tuesday morning, will be escorted to the rotunda of the state capitol where it will lie in state under guard of a detail from the Third Infantry of the United States army and Minnesota National Guard.

The selection of a successor to the Minnesota senator will not be announced until the return of Gov. Prues, who will accompany the body from Chicago. It is not expected, however, that any announcement will be made for some time.

Great strength—physical and mental—was the first thing that impressed one in meeting Knute Nelson, long affectionately referred to as the "Grand Old Man" of Minnesota. His physique was stocky and muscular, his head larger than that of the average man, his features cast in a strong mould. His while personality was suggestive of unaffectedness, breadth of mind and decisiveness.

Nelson has a peculiar aptitude for statecraft, evidenced by that fact that, besides being a member of the United States Senate for more than twenty years, he was for six years in the House of representatives, and he served in the legislature of Wisconsin and Minnesota and twice as governor of the last named state. He was frankly and unaffectedly proud of his record of never having been defeated for any office for which he became candidate. In politics he was a Republican.

In dealing with legislative questions he was thoroughly fearless in his public utterances and, in private conference with members of his constituency, was outspoken. One of the many laws passed largely because of his initiative and aggressiveness was the bankruptcy law, which, from his active and successful connection with it, was known as the "Nelson Cure."

Born in Voss, Norway, on February 2, 1842, Knute Nelson came to the United States with his widowed mother, when he was six years old, and they found their first American home in Chicago.

Knute helped his mother by selling papers on the streets. Later they moved to Wisconsin and the youngster obtained his first schooling in Dane county, going to the academy at Albion, Wis., where he studied for three years.

Civil War Vet

In the Civil War Nelson entered the Fourth Wisconsin Volunteer Infantry. He served three years, taking part in the capture of Fort Jackson, St. Phillip and New Orleans, in the siege of Vicksburg and the battles of Baton Rouge, Camp Bisland and Franklin. In the fighting at Port Hudson, La., he received a wound in the thigh, the effects of which he felt the rest of his life. Taken prisoner, he was kept at Port Hudson until it surrendered.

Returning to Dane county, Wis., after the war, Nelson studied law and was admitted to the bar in 1867. In 1868, Mr. Nelson married Miss Nicholina Jacobson, of Christiana, Wis., and they moved to Alexandria, Wis., which was to be Nelson's home thereafter. Five children were born, but four have died leaving Miss Ida Nelson the only surviving child.

Mr. Nelson was elected to the House of Representatives in 1883, after he had served terms in the legislature of both Minnesota and Wisconsin as state senator. After six years in the lower house of Congress he retired and resumed his law practice. He was elected Governor of Minnesota in 1892 and was re-elected two years later but resigned in 1895 to become United States Senator to which office he was re-elected in 1901-07-13, the last term extending to March 3, 1919.

The home life of the Nelsons was marked by the same simplicity as characterized the personality of the lawyer and statesman, as neither the Senator nor his wife cared for the distractions of social activity. (Continued on Page Five)

J. T. Silger, who lives near Vanoss, was in the city today. He says that Coon Creek, as a result of the heavy rain last Friday, did considerable damage. The water went from hill to hill and washed out many acres of crops. Reports from the western part of the county are that damage was done in many other localities also.

COLLEGE NOTES

Following the singing of "America" by the student body to the accompaniment of the band, Robert S. Kerr, Ada attorney, delivered an Americanization Day address to the student body. He explained the importance of the day, telling of the efforts of the American Legion to secure a period of no immigration in which those who have not yet learned to become good citizens might be taught American ideals and language.

The speech was followed by singing of "The Star Spangled Banner" by the assembly. Elbert Reed, local Legion commander, was also present.

The college sophomore, or life certificate, class, is planning to make an all-day picnic trip to Sulphur some time this week. This will take place on the day given each year to those receiving life certificates at the college. The college seniors are also planning an outing to take place next week. The seniors are also looking forward to their annual formal banquet, also to be held next week.

MONTE CRISTO WILL WIN NEW CONVERTS

Fox Great Spectacle Sure to Please
Captions Critics of Silver Screen

Stirring Adventures of Dumas Famous Fiction Character Portrayed by John Gilbert

It is generally conceded that the motion picture has not reached, to an degree of permanency, quite a number of persons in America. Just why it has not is more or less of a mystery. Those few which the screen has not reached are numbered among the older folks who still doubt that motion pictures can portray a story in an interesting manner.

However, these doubting Thomases will have a new joy in witnessing the remarkable drama adapted from the famous story, "Monte Cristo," written by the immortal Alexandre Dumas. It is to have its local premiere at the American next Wednesday. It was produced by William Fox under the direction of Emmett J. Flynn.

This story, which has been read by millions and which will ever remain as a classic of adventure, love and romance, provides an excellent theme for a screen drama. It is possible through the scope of the motion picture camera to carry the audience to France, the locale of the story and there depict in a faithful way the stirring adventures of the youth first known as Edmond Dantes.

Few if any of the older generation, who have read at all, have never read this story. For this reason many who seldom go to the motion picture theatre, will do so when this great Fox special opens here. This has proved to be the case in other cities where the picture had already been shown.

The local management states that "Monte Cristo" is without an equal as a screen drama.

ELECTRIC LINES CALL REDUCTION

Many Towns in State Enjoy Slashes in Rates on Electric Projects.

Oklahoma City, April 30.—A general period of electric rate reductions in the state is shown to be in progress now by records of the state corporation commission, covering the last six months, according to Chairman Frank C. Carter.

Since the last week in October the chairman said, the commission has issued fifteen orders, reducing electric rates an average of ten per cent in 19 cities and towns.

The larger as well as the smaller cities in the state have been affected by the orders, the chairman said. Ten reductions were issued by the commission which went out of office, except E. R. Hughes, January 8, when the new state administration took office. Five of the reduction have been ordered by the new commission, and others are in prospect.

One group of towns, including and centering at Oklahoma City has had two reductions in six months. Early in the winter rates were reduced five percent by a temporary commission order, in the capital city, Britton, Bethany and Putnam City. A more recent order made the reduction approximately 10 percent, Chairman Carter said.

While varying from eight to sixteen cents a kilowatt hour for the first step, electric rates now prevailing average around twelve cents the chairman said, at those points where reductions were recently put in force.

Tulsa, Okmulgee, Shawnee, Ardmore and Oklahoma City are larger places where recent reductions have been made, orders show, and other towns included are: Jennings, Muldrow, Britton, Bethany, Putnam City, Maysville, Pauls Valley, Elk City, Holdenville, Ada, Sulphur, Hominy, Glenpool and Konowa.

The most recent reduction was ordered at Jennings and Muldrow this week. At Jennings the rate was reduced from 15 cents to 12 cents per kilowatt hour for the first 100 kilowatts. At Muldrow the rate was reduced from 17 to 14 cents.

Other points where reductions have been made, and rates now in effect, are:

Oklahoma City, Britton, Bethany, and Putnam City, for the first 50 kilowatt hours, 9.5 cents a kilowatt hour; Okmulgee, for the first 100 kilowatt hours, 9 cents each; Shawnee, for the first 100 kilowatt hours, 12 cents each; Maysville, for the first 25 kilowatt hours, 15 cents each; Elk City for the first 100 kilowatt hours, 15 cents each; Holdenville, for the first 20 kilowatt hours, 16 cents each; Ada, for the first 100 kilowatt hours, 12 cents each; Sulphur, for the first 8 kilowatt hours, 18.66 cents each, next 12 kilowatt hours, 17 cents each.

Hominy, for the first 100 kilowatt hours, 12 cents each; Ardmore, for the first 100 kilowatt hours, 12 cents each; Tulsa, ten percent reduction from 1918 rates, Glenpool, first 100 kilowatt hours, 14 cents each; Konowa, first 100 kilowatt hours, 12 cents each.

Chairman Carter said that in most cases a ten per cent reduction for prompt payment of bills is allowed below the rates quoted above. As an instance, he said, the rate at Konowa is 10.8 cents net if paid before the tenth of the month after the one for which the meter reading was made.

One New Yorker Shuns Movies

(By the Associated Press)
NEW YORK, April 30.—A New Yorker has been found who, although spending his whole life in the city, has never attended a movie, has been to the theatre only once in 27 years and has not seen a ball game in 40.

He is Charles J. Foy, an employee of the elevated railroad system for 45 years.

"I have a small garden," says Foy, "but I like best a good book or pipe. If I could have only one of them, I would be perfectly happy with my pipe."

IN SOCIETY

MRS. LEWIS ENTERTAINS WITH BRIDGE PARTY

Mrs. M. L. Lewis entertained Saturday with a prettily appointed bridge luncheon in her home on South Cherry honoring her sister Miss Grace Barry of Dallas.

Those sharing the pleasure with Miss Barry were Misses Dorothy Duncan, Annie Carroll Simpson and Eunice Bills.

GORGEOUS GOWNS WORN BY STARS IN GREAT PHOTOPLAY

Bebe Daniels and Nita Naldi Royally Garbed in "The Glimpses of the Moon."

There are thrills and thrills for motion picture patrons, but perhaps the most interesting of these will be the thrills that come in rapid succession in Allan Dwan's production for Paramount, "The Glimpses of the Moon," with Bebe Daniels, Nita Naldi, Rubye de Remer, David Powell Maurice Costello and Charles Gerrard in the principal roles.

Rich Gowns Provide Thrills. And these thrills will not be provided by hair-breadth escapes from alligators or dare-devil leaps over cliffs, but by the sheer beauty of the gowns worn by the three feminine players who have the leading parts in the picture. A list of the gowns worn by Miss Naldi, for instance, reads like the wardrobe list for an entire production. Miss Naldi wears a sash wrap and one of summer evening, as well as several silk capes. Then there are three negligees, five evening gowns, five afternoon gowns and ten hats. There are several other gowns of fashionable design which Miss Naldi wears.

SUMMERS CHAPEL

Miss Daisy Leadford who has been visiting her aunt has returned home.

Miss Zenobia Jervis was the guest of Vinon and Daisy Leadford Sunday.

Mr. Dunn and family were called to Byars to the death of their son.

Joy Isaacs who has been sick so long is improving slowly.

Mr. and Mrs. Leadford visited his other of Stratford Thursday.

Oscar Flowers was shopping in Maxwell Wednesday.

Baseball players were to play Summers chapel Friday evening but didn't see so the old men played the school boys. The score was 13 to 7 in favor of the school boys.

Mrs. and Mr. Leadford and Vivian Leadford were shopping in Ada Saturday.

Mrs. Pennington and family were the guests of Alva Pennington Saturday.

Johnnie Barnes and sister Dovie Hendrix and also Elsie Isaacs were in Maxwell Saturday.

Oscar Flowers, Vivian Leadford and Daisy Leadford motored to Parish Chapel Sunday night.

Remarkable Discovery—Newer Form of Iron

There is Strength in Every Tablet

One dose often helps commence to enrich your blood and revitalize your nervous system—it is a newer form of iron, like the iron in your blood and like the iron in spinach. It is so prepared that it will not injure the teeth nor disturb the stomach. It is ready for almost immediate absorption and assimilation by the blood while some physicians claim metallic iron which people usually take is not absorbed at all. If you are not strong or well you owe it to yourself to make the following test: See how long you can walk or how far you can walk without becoming tired. Next take two average tablets of this newer form of iron—three times per day, after meals for two weeks. Then test your strength again and see how much you have gained.

NOTE—The manufacturers of this newer form of iron known as Hemo-Iron are thoroughly reliable since its introduction it has reached the stupendous sale of over 4,000,000 packages annually, and it has been used and highly recommended by former U.S. Senators, Members of Congress, Judges of U.S. Courts and many physicians. We are able to guarantee that if you do not obtain all the benefits you expect from Hemo-Iron, the manufacturers will refund your money.

Don't delay fighting constipation with BRAN that is ALL BRAN!

When constipation flashes its signals of sickness into your eyes and cheeks; into your breath, your brain and your appetite, it is absolutely necessary that you head it off! Toxic poisoning stands close by; Bright's disease and other dangerous diseases await their turn!

The remedy that nature offers is the simplest and most effective—Kellogg's Bran, cooked and krumbed, which is ALL BRAN! And it is ALL BRAN! It is ALL BRAN you need when you start to fight constipation. You can't afford to delay a minute and you can't afford to use half-way measures with foods that contain a percentage of bran! Your physician will recommend Kellogg's Bran because it is not only effective, but because it is delicious. Why—you will like its nut-like flavor, which adds so much to any food with which it is served.

Be certain to eat Kellogg's Bran regularly—at least two tablespoons daily; in chronic cases with each meal. Results will prove astounding. Remember that Kellogg's Bran is nature's own regulator, which operates in nature's way—which is the best way!

Eat Kellogg's Bran as a cereal, sprinkled on other hot or cold cereals, or make it up into the best of muffins, pancakes, raisin bread, cookies, macaroons. Kellogg's Bran is printed on each package. Let the children eat Kellogg's Bran. It is wonderfully beneficial. It will improve their health just as it will really and truly make over men and women. The value of Kellogg's Bran cannot be overestimated. Sold universally by grocers.

Save from \$52 to \$78 a year

You will be amazed to see how the use of "Bull" Durham will cut down the cost of your smoking.

How is it possible to give you quality at the low cost of 10 cents for 50 cigarettes?

ANSWER: The government tax alone on 50 machine-made cigarettes is 15 cents—5 CENTS MORE THAN THE COST OF 50 "BULL" DURHAM CIGARETTES TO YOU!

The average smoker saves \$1 to \$1.50 a week by "rolling his own" from "Bull"—or from \$52 to \$78 a year. This makes quite a Christmas fund—or pays for a fine trip.

Woman Involved in Keenan Death Police Declare

NEW YORK, April 2.—A woman is now the central figure in the investigation of the mysterious death of Dorothy Keenan who was chloroformed to death a score of days ago. It was learned today that the police have been trailing the sweetheart of a man for several days under suspicion chiefly because he has been unable to account for his actions for the hours between midnight on the night preceding the murder and 8 o'clock next day.

The woman, they said, was being trailed in the hope that she might be found trying to dispose of some of the jewels or other articles stolen from the model's West 57th street apartment.

Three Men Charged in Indictment for Tampering Jury Box

(By the Associated Press) WAUKEGAN, Ill., April 2.—J. B. Fields, Edward W. Kaufman and F. Courtney were indicted today as a result of the grand jury in investigation charging them with tampering with the jury that tried Governor Small last year.

The three men were charged with conspiracy in a true bill containing 14 counts. Seven of these counts charge violation of state statutes and the other seven violation of the common law.

FEDERAL LAND BANKS REDEEM BONDS OF 1918

(By the Associated Press) WASHINGTON, April 2.—The federal land bank board today called for redemption of all outstanding bonds issued May 1, 1918. The total issued by the twelve banks was \$55,000,000.

Isham Otomer was a week-end visitor to Stratford, returning to Ada Sunday.

Nutritive value of soft drinks is higher than that of most fruits or vegetables for the same weight.

On the trans-continental wires connecting San Francisco and New York 12 repeaters are used.

MRS. P. POWELL GAINS 28 POUNDS

Declares Tanlac Took Her Out of Bed and Built Her Up Wonderfully

"I can't praise Tanlac too highly, for the treatment has taken me out of bed and put me in condition to do all my housework," said Mrs. Perry Powell of 1609 East Perkins St., Guthrie, Okla., the other day.

For three years I had suffered from stomach and catarrhal troubles, and before taking Tanlac was down in bed in dreadful condition. Everything I ate gave me indigestion, and gas formed in such quantities I could scarcely breathe and had awful pains around my heart. The catarrh distressed me terribly. I was very dizzy-headed, and my nerves were so shattered I could get no restful sleep. I lost weight until I was almost a skeleton.

"The Tanlac treatment is too good for any one not to know about for it has actually built me up twenty-eight pounds and restored me to perfect health in every way. I hope this statement will be of benefit to others who suffer like I did."

Tanlac is for sale by all good druggists—take no substitute. Over 35 million bottles sold.

BIBLE THOUGHT FOR TODAY

KNOW AND CONSIDER:—Know therefore this day, and consider in thine heart, that the Lord he is God in heaven above, and upon the earth beneath: there is none else. Thou shalt keep therefore his statutes, and his commandments, which I command thee this day, that it may go well with thee, and with thy children after thee, that thou mayest prolong thy days upon the earth, which the Lord thy God giveth thee for ever.—Deut. 4:39, 40.

ANOTHER BRIDGE ON THE SOUTH CANADIAN

(From the Sulphur Democrat)

"The bridge across the Canadian river connecting Pontotoc and Seminole counties will be completed within a few days and open for traffic." Wouldn't you like to see that statement in the newspaper? We would. When can we put it there.

The above clipping is from the Ada News. Twenty years ago, had such an article appeared, and had reference to a new trunk line railroad, running in possibly two counties, people would have gone wild to get the bridge for the road. Yet, a railroad of a small type while drawing money from the misers' pockets, donations from the moss-backs, and further donations by towns and cities, all for a corporation ownership, would not mean as much as a hard-surfaced highway, does this day and time. But its hard to make the average taxpayer realize that there is more travel, that the highway not only affords transients to go and come and drop a few dollars in the towns which eventually gets to the farmer and stockman, but makes the marketing of all products more convenient and the man for a long distance is put within the market reach.

But back to the bridge. A bridge on the South Canadian connecting Pontotoc and Seminole county, will be a great thing for Sulphur, the greatest health resort in the Southwest. Not only will this prove a benefit to the town, but will afford an accommodation to thousands who now must make a large detour to reach this place.

Over in Seminole county, going east, is the Postal highway. This road is now open on to Arkansas. The bridge on the South Canadian at Calvin, has made this highway one of the best in the state. Then there is a good highway leading from the north to McAlester, also one from the north leading to Holdenville. Both tap the Postal highway, and practically within a stone's throw of Ada, and on to Sulphur, yet they must go on west to Shawnee, Asher, Stratford and then back east twenty miles, to reach Ada. And another feature, Seminole county is developing into one of the newest and best oil fields of the state. Few people, who would like to go to this oil field, care to make a two-day trip, when if the bridge was built could go there and back in a half-day. Hundreds would visit the We-woka field every week, were there an opening, but possibly there is not a person from these parts who has been there.

A bridge, a good state, well maintained highway, would be worth the money to both counties, and the state at large is entitled to this highway opening. Then it would be worth the money to the farmers and various towns along the line, as thousands would travel the road, spend their money, and almost be equal to a new railroad.

And again, Ada is and always will be a great state school town. Those attending the state school there, who reside north, cannot visit Ada only by rail or a long tiresome detouring trip. The result is that many pupils from Seminole, Hughes, Okfuskee, and other north and northeast counties never have their folks at home to visit them and see what real, clean and ideal surroundings they have at Ada.

The sermons of Sunday and the special school programs of today devoted to Americanism are of more than passing importance. The nation is honey-combed with propaganda imported from Europe. These communists are active and other anti-American organizations will be at the throat of the public unless it is roused to its danger. Of course in this part of the country where practically all are native born, we are inclined to overlook the menace that centers in the congested districts of the lowest classes of Europe in other sections. These have grown up imbued with a hatred for all forms of government and to them American ideals mean nothing. They have no conception of the sacredness of the ballot, the torch and the bomb are their ideas of conducting affairs. Crooked politicians of the type of some in Chicago by appealing to the forlorn elements in their nature fan them to even greater efforts in tearing down American institutions, and thus encouraged the agitators for anarchy are constantly gaining ground. The work of impressing on the growing generation the lofty ideals upon which the nation was founded must go forward if the United States is to continue as a land where justice is the first consideration.

Finland is one of the new nations that was detached from Russia by the war. The United States loaned the Finns a few million dollars to get their government started. Apparently this nation is about the only one that appreciated the timely aid for instead of putting up a hard luck story and insisting that America ought to give them a clear receipt, the little nation is now paying up. Their spirit of a readiness to meet obligations may mean a great deal more to them in the future than the money involved amounts to.

ANOTHER MARATHON THAT SHOULD BE BANNED

The Forum of the Press

"Cam Russell.
(Okmulgee Times)

A man who was at one time prominent in Oklahoma politics, once characterized Campbell Russell as "a snoopin' old maid who is always jimmying around into somebody else's business and stirring up trouble."

The politician who made this remark had good reasons for feeling as he did. Campbell Russell was even then, (and this was 15 years ago) acting as a sort of unofficial ferret who nosed around in official places and found out a lot of things that the public wasn't permitted to know much about.

Russell has been a ferret, official and unofficial, ever since. As a member of the state senate, then a member of the corporation commission, he was given opportunities to observe the workings of our state machinery as few other men have been privileged to observe them. The only difference between Russell and other observers has been that if Russell didn't understand the workings, he studied them out. Others took it for granted that the subject was too deep and didn't bother.

A good many official heads have been dented because of "Cam" Russell's so-called belligerency. A good many paths that were built for smooth travel have been made rough because those who were elected to travel over them didn't "fote square" with the people, and Russell exposed them. He and his "Cat" have furnished considerable amusement for the Oklahoma public but at the same time they have been the means of making more than one public official squirm under Russell's lash. His exposures of official rottenness are merciless—perhaps too much so, and carried too far. Too much punishment arouses pity and Russell has often blocked his own purpose by his extreme tactics.

But now, by decree of the voters, Russell is taking an official vacation. He promises to make use of his vacation by continuing to keep his whip flapping. Over in Oklahoma City, citizens have organized what they call "The Progress Club." Its purpose is to find out what's wrong with taxes for admittedly something is radically wrong.

The club has employed Campbell Russell to ferret out the trouble. And so, in his own way, he will get to work. It is likely that he will make some interesting disclosures. The whole state will await his "report" with a great deal of interest.

FITZBUGH.

Miss Walter Walby was the guest of Vera Melton Friday, Saturday night and Sunday afternoon.

Al Thompson and children made a flying trip to Roff Saturday afternoon.

Mr. McDorman's family was poisoned Sunday afternoon, but they are reported better.

SCHOOL WOULD STOP ACCIDENTS

Suggest Prevention Accidents Be Taught in Schools of County.

(By the Associated Press)

WASHINGTON, April 30.—The reason 75,000 persons are killed and 2,000,000 injured in accidents each year in the United States is "largely psychological," according to Mary Noel Arrowsmith, assistant secretary of the education section of the National Safety Council, who declares in the Bureau of Education's publication, School Life, that the American people as a nation have "not learned to think in terms of conservation as applied to human life."

Miss Arrowsmith points out that since 1919, when the council began working toward development of education in accident prevention in the schools, the number of automobile accidents to boys of school age has decreased, and says that in a number of cities where the plan worked out by Dr. E. George Payne of New York University while principal of the Harris Teachers' College at St. Louis, "remarkable results in the reduction of the death rate of school children have been achieved."

Dr. Payne's plan involves no extra study periods, but incorporates various phases of safety efforts as applied to the home, school, play and the streets in other parts of the curriculum. A questionnaire sent to school superintendents by the council brought 276 replies, 142 stating that some form of safety teaching had been introduced as part of the curriculum, 37 as a special subject, 40 both as a special subject and as part of the curriculum, and 57 as incidental instruction, while three replied they had no information on this point and 17 reported no safety teaching. It was also found that 82 cities had children's safety organizations in at least some of the schools and 136 of the replies declared school work had been stimulated by the addition of the safety efforts to the curriculum.

Over 80 per cent of the Americans have adopted the abbreviated "undies" for all-year wear, it is claimed.

How to throw off that tired, listless feeling

GENERATIONS ago, our forefathers made a "tea" every Spring from certain herbs and barks to purify the blood. Likewise, since 1826, each herb and bark have been carefully selected, proportioned scientifically and prepared for that great blood purifier—S. S. S. To serve beneficially from one generation to another successfully is a guarantee of its effectiveness. The way we live and eat, we can't step from Winter into Spring without purifying the blood; unless we choose to suffer depression, feel tired out, and have pimples and boils. It is so easy to give nature a little help, and the best sure way is to start with S. S. S. Stronger and more useful nerves depend on blood-power. S. S. S. will give you that greater endurance, energy, strength, and a more youthful appearance.

Mr. J. M. Mar, Los Angeles, Calif., writes: "Overwork occasioned a complaint which consisted of a tired feeling and pain in the back, that finally exhausted all my strength. A friend advised me to take S. S. S. and after taking only several bottles I was entirely relieved."

Try it yourself. S. S. S. is sold at all good drug stores. The large size is more economical. Get a bottle today!

S. S. S. makes you feel like yourself again

Farmers' Column

By Byron Norrell

Strawberries are just beginning to ripen and in another week more than one family in Ada will be eating them for breakfast. My vines are full of green ones and it looks like we shall have a good season with them.

Clarence Roberts of the Oklahoma Farmer-Stockman spent part last week in Pontotoc county gathering material for a story for his paper. He traveled with J. B. Hill who helped him to find what he wanted to know about and he was especially interested in the terracing that has been done in this county.

Reasons for a Silo.

1. More feed can be stored in a given space in form of silage than in form of fodder or hay.
2. A small loss of food material when a crop is made into silage.
3. Corn silage is a better feed than corn fodder.
4. An acre of corn or kafir can be placed into a silo at less cost than the same area when husked and shredded.
5. Crops can be put in the silo during weather which could not be utilized for curing fodder or hay.
6. More stock can be kept on a given area of land when silage is the basis of a ration.
7. Less wasted in feeding silage than fodder.
8. Silage is very palatable.
9. Silage, like other succulent feeds, has a beneficial effect upon the digestive organs.
10. Silage is the cheapest and best form in which a succulent feed can be provided.
11. Silage can be used for supplementary pasture more cheaply than can soiling crops, because it requires less labor and cattle like silage better.
12. Converting corn or kafir crops into silage clears the land and leaves it ready for another crop.

PLANS LAID FOR MEET AT NORMAN

Non-Athletic Events to Have Wide Range for Competition This Year.

(By the Associated Press)

NORMAN, Okla., April 30.—Three contests in radio and two in physiology are listed among the sixty-six non-athletic events which have been included in the program of the nineteenth interscholastic meet to be held here under the auspices of the University of Oklahoma May 3, 4 and 5, it has been announced. Hundreds of high school students over the state have been entered among competitors.

The non-athletic events have been divided into three divisions, classified as fine arts, publications and curriculum. Under the fine arts division contests will be offered in piano, violin and violin-cello playing, and for girls' voices, boys' voices, girls' quartettes, boys' quartettes, girls' glee clubs, boys' glee clubs, Class A and B orchestras, bands, free-hand drawing, water color painting, decorative designing, poster designing and dramatic reading.

Class A orchestras must have eighteen or more pieces, and those having less than that number will be placed in Class B. Bands must have ten or more pieces.

In the publications division, current publications are divided into three classes of newspapers. Contests will be held also in high school magazines and annual books.

Forty-two curricular contests are scheduled, including judging of bookkeeping, chemistry, civics, English, geography, ancient history, modern history, American history, breadmaking, dressmaking, domestic science laboratory work, domestic art, laboratory work, first-year Latin, Caesar, Cicero, Virgil, manual training classes, algebra, plane geometry, mechanical drawing, French, Spanish, physics, physiography, standard orations, original orations, shorthand dictation and reading, typewriting, zoology, debating, extempore speaking, physiology, radio receiving, theory and building.

Prizes will be awarded in all individual contests to winners of the first three places, gold, silver and bronze medals. Fine arts events will carry with them as an additional prize scholarships of varying lengths at the university.

Prizes in contests in which groups will take part will be shields suitable for hanging in high school trophy rooms. Entrance in contests is limited to regularly enrolled high school students less than 21 years of age.

GUARD OFFICERS SEEK PROMOTION

Twenty-nine Officers and Non-
Commissioned Men Take
Guard Quiz.

(By the Associated Press)

OKLAHOMA CITY, April 30.—Twenty-nine officers and non-commissioned officers of the Oklahoma national guard appeared before an examining board at the adjutant general's office this week to be quizzed for promotions to higher ranks or for federal recognition in present ranks. It was announced.

Baird H. Markham, Brigadier Gen. A. G. D., the adjutant general, was examining for promotion to the rank of brigadier general of infantry. As commander of the 179th Infantry before he was made adjutant general in January he held the rank of colonel of infantry.

Col. Alva J. Niles, of the 189th Field Artillery, who was recently given a state commission as brigadier general of artillery, took an examination for a federal commission in that rank.

Four officers with state commissions as captains took examinations for federal recognition. They were Capt. Roger O. Maus of Oklahoma City, Ernest A. Wallis of Anadarko, Earl C. Hill of Oklahoma City, and Erle H. Smith of Pawhuska. Gerald O'Brien of Tulsa was examining for a commission as a major of field artillery. William Kelso of Grove was examined for a commission as captain, as was also D. J. L. Walters of Wetumka.

First lieutenants examined for promotions of federal recognition were: James H. Green of Maud, Clarence Newburn of Grove, John C. Reaser of Claremore, George C. Cook of Wetumka. Second lieutenants examined were: John C. Bellah of Frederick, Paul H. Smith of Pawhuska, James B. Mallory of Chickasha, Lee Grimes of Kingfisher, Lee R. Bradley of Claremore, George Klein of Wetumka and W. M. George of Idabel.

Non-commissioned officers and other enlisted men examined for commissions were: Sgt. Tom C. McBride of Frederick, Sgt. Charles Kaneubbe of Hugo, Sgt. Emory O. Cameron of Enid, Sgt. George L. Lacey of Kingfisher, Sgt. Mark Wagner of Kingfisher, Sgt. Clarence J. Steele of Kingfisher, who was examined for a captaincy, Pvt. Elbert G. Reed of Ada, Pvt. Lee M. Diffendaffer of Edmond and former Corp. Dewey Clawson of Holdenville.

Not less than 10,000 natives of India are affected with tuberculosis.

Most all of the farmers are planting cotton this week and the woman folk are spending their time fighting weeds in their gardens.

There is no sickness to report this week. Mrs. Kiersey's son who has been ill is now able to be up.

Misses Laura and Effie Isaacs and Oral and Opal Vick spent Saturday night and Sunday with Mrs. Susie Bonds of Parish Chapel.

Miss Mercedes Fleming left Maxwell Sunday for a short visit with Mrs. Effie Keltner of Washington, Okla.

Mrs. Bernice Bailes spent Saturday and Sunday with Mrs. Evans.

Summers Chapel played Maxwell in baseball Saturday afternoon and beat us. However, Maxwell still feels game after her defeat and is anxious to play again.

The Misses Flowers visited Mrs. S. E. Evans Saturday evening.

Mr. and Mrs. A. H. Elliott are moving from Maxwell this week. Their new home will be at Galey. We are sorry they are leaving us but hope they'll like their new home.

Mrs. Hightower and daughter Pearl called on Mrs. Homer Davidson Saturday.

Miss Euna Zumbro is visiting the Kennedy family near Fitzhugh this week.

Miss Pearl Hightower spent from Thursday until Sunday with home folks.

We had singing Sunday evening. Several came from Yeager, Summer's Chapel, Parish Chapel, and Worstell. We extend them a cordial invitation to come often.

There will be an all day singing and dinner on the ground at this place May 20th. Don't forget the date. Everybody come and bring someone with you.

BLACK-EYED SUSAN.

BEBEE

The rain which fell Monday afternoon was appreciated by the farmers.

O. C. Cape and family spent Sunday with Mr. McBay.

Jewel Cape also Myrtle Thomas spent Sunday with Mildred Parker.

Mr. and Mrs. Emerson Anderson also Mr. and Mrs. Blanton spent Sunday with Mr. and Mrs. T. B. Haggard.

Grandpa and Grandma Burk, Marian Dallas and Ira Burk, also Charlie, Willie, Lonnie and Sadie Haggard spent Thursday at Byrds Mill.

Willie Crane, wife and daughter Lorene spent Saturday night and Sunday at Mr. and Mrs. Haggard's.

Curtis Wells and wife spent the week end at Ada visiting friends and relatives.

Mr. and Mrs. Author King spent Saturday night and Sunday with Mr. and Mrs. Tom Norman.

Emperson Anderson made a business trip to Ada Tuesday.

Mrs. Sarah and Mrs. M. Humphers spent Sunday with Mrs. G. L. Wilfong.

BODY OF SENATOR TO LAY IN STATE

(Continued from Page One)

Mrs. Nelson, long after her husband became a national figure, adhered to old world customs of housekeeping, among them sanded floors.

Mr. Nelson's amusements and recreations were simple. He loved to be out of doors, but when in the house his chief pleasure was found in his library, where he read almost daily, his favorite books being historical. The Alexandria home is on a large well managed farm and the senator was pleased if referred to as "Farmer Nelson."

He once said he did not wish to be called statesman and that he was a "Hayseed." The first book he ever had was an old school reader for which he traded a "jag" of wood. He kept that little book all his life. Accomplished as he was in knowledge of history and the law, he was accustomed to say that his best university had been the war of the North and South and the service he saw in it.

Light breakfasts are almost as popular as heavy morning meals among many notables who recently answered a questionnaire on the subject.

LODGES

M. W. of A.—Ada lodge No. 10954 meets every Tuesday evening at 7:30 at Ada Business College.—B. F. Wilkerson, Consul; J. E. Russell, clerk.

CALGARY STUDIES MEANS TO PROVIDE FOR STORK

(By the Associated Press)

CALGARY, Alta, April 30.—The health committee of the local council of Women has asked Mayor Webster to have the city open a "stork account."

The plan is to have expectant mothers deposit a small sum each week with the city treasurer, to relieve her anxiety when the stork arrives, and assure her of adequate medical care.
